OBJECTIVE

CS graduate and adept front-end developer focusing on JavaScript mobile-first development. After success with WordPress front-end development, I am eager to continue my career by joining SCORR Marketing's hardworking and interactive team where I will continue expanding my JavaScript knowledge into perfecting accessibility and responsive design.

WORK EXPERIENCE

Entry-level Front-End Developer

Guess, INC

September 2019 - current / Remote

- Maintained 20+ web pages, graphics, and online marketing materials under direction of UX manager and development team.
- **Created and maintained front-end code for 40+ e-Commerce websites** (re-designs, seasonal updates, production work).
- Produced and assisted in the deployment of 6 online marketing initiatives, including banner advertisements.
- Identified and implemented dynamic web solutions in accordance to company standards and best practices.
- Assisted the development team in developing 6 WordPress sites with testing, deployment, and updates.
- Led troubleshooting, **fixed 1,000+ bugs and other issues, and updated sites throughout production lifecycle**.

Front-End Developer Intern

Punch

June 2019 - September 2019 / Daly City, CA

- Assisted the development team in maintaining 8 websites.
- Implemented front-end technical solutions to meet project requirements for creation of 5 new web pages.
- **Ensured 6 unique projects complied with correct technology processes**, industry best practices, and company standards.
- Conducted research and assisted with new business scoping efforts, resulting in the acquisition of 4 clients.
- Partnered with 2 designer teams to take client wireframes from conception to implementation.
- Worked in an Agile, collaborative environment to receive design requirements, peer program, and test applications.
